

MONDAY

DECISION FRAMEWORK

Where Am I Now?

Question 1 takes stock before alternatives are compared.

FENCING & GRAZING

Current fencing layout, pasture use, and grazing infrastructure.

WATER & HANDLING

Water developments, handling facilities, and access.

LABOR & MANAGEMENT

Available labor, skills, time, and management capacity.

CURRENT RISK EXPOSURES

Risks already carried by the operation before a change is considered.

The decision is framed as a management outcome rather than a purchase question.
