DECISION FRAMEWORK

What Are the Ways to Get There?

Question 3 identifies the practical alternatives that could move an operation toward its management goal.

● STATUS QUO

The current arrangement remains the baseline for comparison.

● CONVENTIONAL OPTIONS

Alternatives may include permanent fencing, temporary electric fencing, conventional cross-fencing, and labor or herding.

● RESOURCE-BASED OPTIONS

Alternatives may also involve water or supplement placement and pasture redesign.

● VF AND HYBRID OPTIONS

Virtual fencing may stand alone or be combined with other measures in a hybrid system.

Question 3 broadens the set of practical alternatives before screening begins.
