

DROUGHT Contingency Plan WEBINAR

ATTENTION: BLM & USFS PERMITTEES:

Learn more about the importance of drought contingency planning for your BLM and USFS permits and resources available to help you develop an effective plan.

WEBINAR TOPICS WILL INCLUDE:

- The financial impacts of proactive drought planning
- Understanding resilience in a dry variable climate and how to plan for the next dry years
- Communication strategies between permittees and federal agencies
- What's in your agency file?
- Resources in your area to address range management and monitoring assistance, technical expertise, and more.
